Davis & Davis celebrates 31 years of high-level design and service with a great team!

Farmington Hills, Mich. (October 7, 2021) – It is with great pride to announce Davis & Davis’ 31st Anniversary! Davis & Davis has achieved a great deal of success and has been honored with a number of local and national awards within these last three decades. The key to Davis & Davis’ success is its leadership and amazing team!

Howard Davis, partner stated, “We are proud of this 31-year achievement and so fortunate to have developed many great client relationships through the years. In addition to providing thoughtful, intelligent and meaningful design solutions, we acknowledge the most important aspect of all, our team. Smart, talented, dedicated, committed, kind, caring individuals are the foundation of our success. Nothing is possible without great people. United as a team enables us to keep going and growing.”

Davis & Davis is a niche boutique commercial interior design firm. The firm has completed projects throughout Michigan and across the country for a very diversified client base. From designing offices for law firms to advertising agencies, commercial public spaces, and multi-family properties. At Davis & Davis the drive is to create and shape interior environments that improve the day-to-day lives of those who experience their completed spaces.

This firm is also a female majority owned company and their female staff makes up over eighty percent of the office. In addition, Davis & Davis was recently honored with a 1st Place award at the annual 2021 Detroit Design Awards event for their interior design project within the O’Hare International Center in Rosemont, Illinois. As stated by Judge Jamie Herzlinger, “The space by Davis & Davis looks current and timeless, and is welcoming and inviting.”

As stated on the company’s website, “Everything we do in the creation of functional and dynamic interior environments has helped us build a reputation of excellence by leaving nothing to chance and focusing as much on positive client relationships as we do on visually appealing results.”

This firm has also faced the uncertainty of the recent global pandemic, transiting the staff to work remotely, for a period of time and now reestablishing the team back to the office

seamlessly. With a strong leadership staff and with having an amazing team, Davis & Davis' culture could not be stronger!
